Every 2 or 3 days after 20 December, 3 to 5 trucks each carrying about 30 soldiers with lurgage left the installation. The same number of soldiers who also carried luggage arrived at the installation during this period. Groups of 60 to 30 soldiers practiced pistol and carbine firing on the target range near the installation. The Ziethen Kaserne was guarded by sentries with red-bordered black and red epaulets. There was unusual traffic of officers. The construction of a building for quartering officers' dependents was under way in the billeting area. Vehicles from all other barracks installations were	25×
